WHO WE ARE

With a reputation for innovative business solutions along with years of reliable counsel to businesses, the Commercial practice of Kaufman & Canoles is our cornerstone.

In order to serve your business with the proficiency and attention it requires, we stay current with business technology and cutting-edge issues affecting the marketplace today. Analyzing opportunities, planning and remaining proactive in business and legal strategies help our many successful clients stay that way.

WHAT WE DO

In today's highly competitive marketplace, businesses need to be structured around smartly-conceived business and legal strategies. The efficiency of your daily operations is important. We can help.

For instance, we'll assist you in selecting the most appropriate form of doing business, help guide you through tax and accounting options, design and implement compensation and pension plans, draft a buy-sell agreement and more. Our Commercial attorneys believe their services add value to their clients' businesses by offering a blend of quality legal advice, top-notch technical and clerical support, and a reputation of influential involvement in our business communities.

For clients beginning a business or maintaining or expanding an already thriving one, our Commercial practice is integrated with other important specialty areas of the firm such as Securities, Environmental, Real Estate Finance, Tax, and Labor and Employment. We are a full-service law firm and we believe we can supply you with the comprehensive and cost-efficient representation you and your business need.

OUR TRACK RECORD

Our clients benefit from our involvement and leadership in the national and regional business community. As the largest law firm in southeastern Virginia, Kaufman & Canoles serves as both general and special counsel to local, regional, national and international clients. These clients represent industries including:

- Banks and other lending institutions
- Government contractors
- Health care practices
- Hospitals
- Import/export companies
- Manufacturers
- Municipal entities
- Sports franchises
- Technology startups
- Wholesale and retail distributors
- A variety of other businesses

Our attorneys have practical experience in organizing and structuring all types of business entities including joint ventures, proprietorships, S corporations, C corporations, limited liability companies, partnerships and non-profit organizations.
